### REDA wins a Sustainable Saint Paul Award

Thanks to all of the volunteers for making our District del Sol Clean-Up Day on April 11th a huge success!

The efforts are apparent on a walk or drive down Cesar Chavez Street; REDA truly appreciates all of the help in order to keep our corridor clean!

As a result, our efforts were a key part in Mayor Coleman announcing the **Streetscape Beautification Program as a winner in the Sustainable Saint Paul Awards in the Clean-up and Beautification Category.**
